Colour Me

It looks like this jack-o'-lantern is all set for Halloween. Well, almost. You think you can complete his look by brightening it up with some Halloweeny colors?

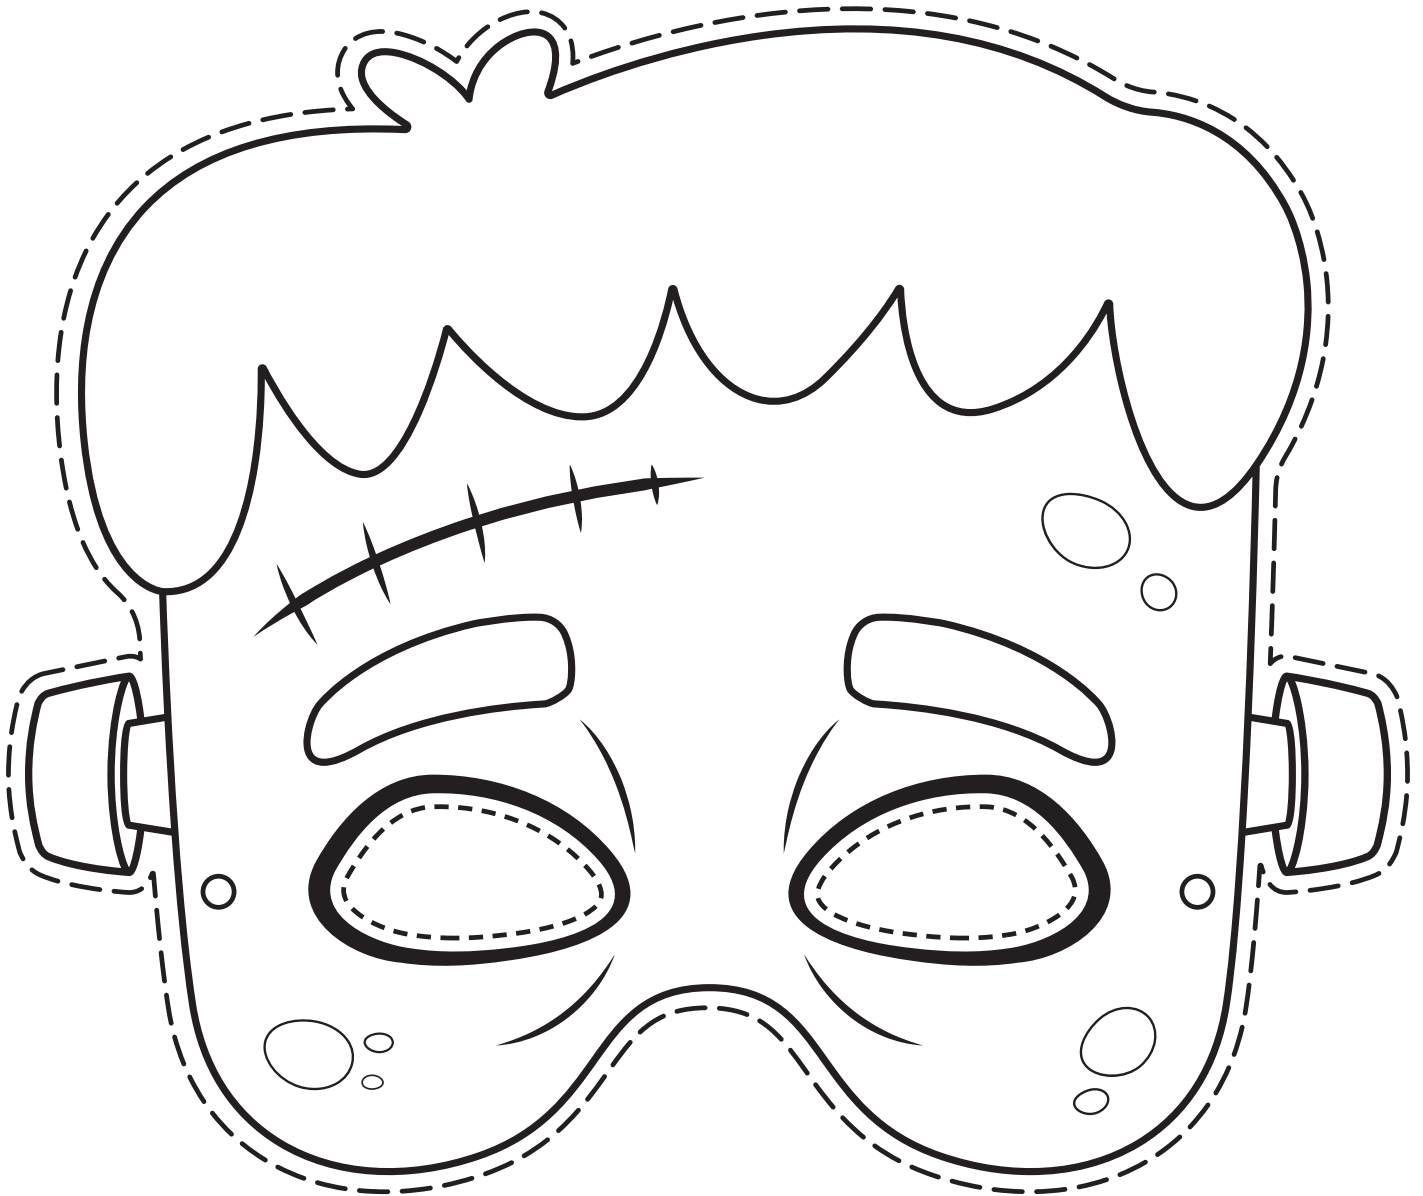

Find the Items

Double, double, toil and trouble! Broomstick fly and cauldron bubble! Or something like that. Anyhow, have fun counting and coloring each spooky object. Don't miss any!

DIY Mask

Oooo, isn't this a cool mask of Frankenstein's monster?! Imagine wearing it, hiding behind a wall, jumping out, and going "BOO!". Go on, color, cut it, put a string through the little holes on the side and get ready!

Jack-o-Lantern

If you love jack-o'-lanterns as much as we do, then you're gonna love this. Cut out the eyes, noses, and mouths given, and arrange them in every combination you can imagine! How many wicked faces can you make?
